Overview

As an accomplished Full-stack Developer, I possess a wealth of experience in programming and developing website applications. With a strong familiarity in using GIT source code management, I am skilled at effectively collaborating with cross-functional teams to ensure smooth operations and optimal results. As a quick learner, I am adept at quickly adapting to new technologies and applying them to deliver high-quality work. I am eager to further expand my knowledge and skills in the role of Full-stack Developer.
